

**Dance With Me**  
**Oshima Brothers**

Dance with me  
Follow me or take the lead  
Your body  
Leaning into mine

Like poetry  
Listening to how you breathe  
Holding me  
Fingers intertwine

Put on a record, love, I'll pull away the rug  
If you wanna dance with me

Honestly  
All of this is new to me  
How easily  
The two of us collide

And when we seem  
To find a way to disagree  
I'm listening  
I wanna do this right

Put on a record, love, I'll pull away the rug  
If you wanna dance with me

Dance with me  
Even when I'm stumbling  
And everything  
Is getting out of time

You're moving me  
Balancing us in between  
Falling free  
And perfectly aligned

Put on a record, love, I'll pull away the rug  
If you wanna dance with me
