

Love Is Tall
Oshima Brothers

You left town
I didn't know
All the ways that it would change
I'll return
To the coast
Will it ever feel the same

Oh we learn
Life is short love is tall
Hands and heart
Learn how to hold it all

Memories
In the quiet
With a candle in the crowd
So I swear
To multiply it
I will carry your light around

Oh we learn
Life is short love is tall
Hands and heart
Learn how to hold it all

Oh we learn
Life is short love is tall
Hands and heart
Learn how to hold it all
